

Our maritime clients include shipbuilders, shipping companies, insurance carriers, inland waterway as well as ocean-going ship owners, and those serving the offshore oil and gas industry. We have a long history of experience with dealing with marine safety, marine finance, flagging of vessels, and Coast Guard compliance.

Our attorneys are well versed in the regulations and requirements of the U.S. Coast Guard pertaining to vessel ownership. We have extensive experience with the movement of ships and supply vessels in international waters and provide our maritime clients with representation both here and abroad.
